The mountains have proven to be the ideal place to spend the summer with wide open spaces for outdoor activities and clean, fresh air. We regularly update our Covid measures in line with current regulations for camper safety and we have a new Covid Cancellation Policy.

*Live  
THE LANGUAGE!*

## Language lessons

As a year-round language school, teaching languages is our specialty. All programs include 15 hours of language lessons and workshops per week.

Our workshops are:

- Lively and fun – participation is an obligation!
- In small groups (maximum 8 per group)
- Taught by native speakers who are qualified and experienced in the programs designed for the «Cambridge English» and «Alliance Française» examinations
- Focused on giving the campers confidence to communicate in a foreign language.

Every morning, the campers have 3 separate language lessons and workshops (according to their language level) focusing on the language, communication and drama.

During the drama workshop, the campers work on a play or sketches in the language they are learning to perform at the end of the week.

But it's not all learning...

## The activities

Every afternoon we have different activities and games organized by our counsellors and professionals. The activities are based around the main themes of Water, Mountain, Fun & Culture. We use the large number of facilities in and around Megève and the campers will even have fun in bad weather!

The activities are organized by age group so the children can practice their language skills with native speakers and make friends for life. Every week we have a different camp team game where all ages, sexes, nationalities and languages are mixed. The children learn to work together through communication and teamwork.

Creative workshops are also proposed at the end of the afternoon for the children to learn new skills and show their creative sides.

In the evenings for the boarding campers, we have quieter activities (although not always!). This is the time to chill and 'hangout' with friends and counselors and to exchange emotions, ideas, laughs...

Every Sunday we have a field trip to visit either the Mont Blanc glacier, the beautiful lake and town of Annecy or many other local sights.

You can also combine our activities with other options...

## Supervision and safety

We are aware that the safety and security of your child are the essential factors when your child is away from home especially in the current context due to COVID. Our priority is the safety of the children. We strictly respect all the measures imposed by the government and have implemented a health protocol (social distancing, wearing a mask for teachers and students over 11 years old, taking temperatures daily, etc.). We have adapted the camp to meet all the government regulations to ensure the safety and health of your children.

The mountains are the best place to enjoy a vacation. Large spaces, outdoor activities, clean air ... all this and more make our campers happy.

At International Language Camps, many of our team have been with us for several years. As with the campers, our team is very international with native French and Anglophone teachers and counselors along with natives of other countries. All the staff speak both French and English.

Our ratio of one adult for five campers is double the legal requirement by the French government, which means that we take into account the needs of each child individually. The camp director knows each camper and can be contacted 24 hours a day if you have any concerns.

For certain activities that require specific supervision (mountain guide, climbing instructor, golf instructor, etc.), our counselors also accompany the group. We have a motivated team that works well together and sets an example for the children.

# The Setting

*Our summer camps and winter program are located in Megève, an elegant French Alpine resort with an international reputation.*

Megève is a luxurious traditional mountain village located in the heart of the Savoy Alps, close to Switzerland and Italy. It has become famous as a winter ski resort but it still retains its charm, rich in history. In the summer it comes alive with the «Megève Jazz Contest», «The Blues Festival» and «Le Jumping» equestrian international competition but its attraction is the mountains surrounding the village with magnificent views of Mont Blanc and typical mountain activities.

**Megève is a safe and secure village far from the city life.**

The nearest international airport is Geneva only an hour away.

# Exceptional accommodations

At ILC we consider the quality of the accommodations to be one of the essential conditions for the well being of our campers and our programs are organized solely in a top quality hotel. The hotel\*\*\*\*, in the center of Megève, has a typical mountain charm with all the modern comforts. Children are allocated their rooms depending on the following criteria: same sex, same age group, different native languages.

**As safety and security are of top importance in our camps,** the counselors' rooms are situated next to the children's rooms. We are very conscious of allowing the campers time to rest, as needed. Bedtimes vary, therefore, depending on their age and the activities planned in the program.

### Meals

The children are served their meals in the restaurant and the menus are prepared by the chef who takes into account a balanced diet and the tastes of the children. We can organize special menus (vegetarian, gluten-free, for religious reasons, etc); we just need to be advised in advance.

### The facilities

The language lessons and the creative and artistic workshops are held in the school minutes away from the hotel.

The parent or legal guardian confirms by signature on the registration form that they accept that their child participates in the sports and leisure activities organized during the camp. They understand and accept the inherent risks of these activities and they will not hold ILC responsible for any accidents.
